

IVR-L 65/12-1 Tc

The IVR-L 65/12-1 Tc industrial vacuum is a compact, entry-level machine with tilting chassis for vacuuming liquids and/or shavings in the metal processing industry.

1 Outstanding driving characteristics

- Compact construction and robust material for top driving characteristics, maximum flexibility and long-lasting durability.

2 Long-lasting

- High-quality materials and robust welding techniques guarantee a long service life.
- An oil-resistant power cable is included as standard and further prolongs the machine's service life.

3 Float ball for volume flow disruption

- A float ball in the machine head interrupts the suction flow as soon as the maximum filling capacity is reached.
- Use as an emergency circuit. The filter must be dry when restarting.

4 360° working radius

- Clean in all directions thanks to the rotatable hose connection on the suction head. Tangle-free suction hose.

IVR-L 65/12-1 Tc

- Tilting chassis
- Compact construction style that takes up very little floor space
- Visual filling level indicator

Technical data

Order no.		9.986-055.0
EAN code		4054278029696
Current type	Ph / V / Hz	1 / 220-240 / 50-60
Air flow rate	l/s / m³/h	59 / 212.4
Vacuum	mbar / kPa	230 / 23
Nominal diameter of connection		ID 50
Nominal diameter of accessory		ID 40

Equipment

Accessories in scope of delivery	No
Automatic filling level shut-off	■
■ Included in the scope of supply.
